

The CHESTAHEDRON Construction Template

Chestahedron:
a volume with seven
faces, each of equal area,
discovered by Frank Chester.

See much more at FrankChester.com

1. Copy this page or trace the form.
2. Cut out the form (cutting out the tabs is optional, but are useful for gluing).
3. Crease well with a ruler along each line (including the tabs if they are used).
4. The numbers indicate which edges connect: join them carefully with tape, or glue together using the tabs.
